EVENT PROGRAM & FORMAT

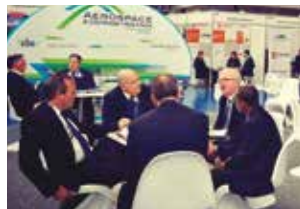

May 10, 2023 – Plenary Conference

A morning session of high level conferences dedicated to supply chain policies & defense industry.

May 10 & 11, 2023

One-to-One Meetings

The program will offer all participants the opportunity to **sign up, identify and request meetings with relevant contacts prior to the show. A&DM Central Europe provides** pre-arranged meetings for all the attendees based on their own choices.

Workshops

These presentations, held in parallel to the meetings, **focus on either technologies or products.**

A chance for a limited number of suppliers to reach an audience of professionals willing to increase and optimize their market knowledge.

Networking opportunities

Podkarpackie Region – a hub for the aerospace & defense industries in Poland

Podkarpackie Region with its capital city of Rzeszów, home to the seat of the Aviation Valley - a world class cluster, is famous for its aerospace industry and pilot-training centers. Characterized by heavy concentration of aerospace industry, the region is responsible for 90% of total Polish output in the field, also due to the modern R&D centers, as well as educational and training facilities.

Aviation Valley Cluster counts over 178 aviation and aviation-related companies with 25,000 employees which leads aeronautics to one of the most innovative sectors in the country's economy. With more than 90% of their production exported (mainly in USA, Italy, France, UK and Canada) the Poland is worldwide well-known for its ability to meet the requirements of the greatest international OEMs such as Pratt & Whitney, Sikorsky, Goodrich, Airbus Group, Dassault Aviation, Agusta Westland, Safran, Thomson, etc.

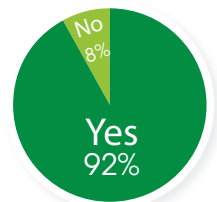

Aviation Valley is a leading location in Central Europe in terms of development and implementation of aerospace projects.

Key figures

- 200 companies
- 500 participants
- 18 countries represented
- 3000 BtoB meetings

Did you meet the right contacts?*
